PROJECT

Attendance Calculator

A simple web-based tool that calculates required class attendance to maintain a specific percentage.

Web Stories

A frontend project replicating the look and feel of Google Web Stories using modern HTML, CSS, and JavaScript animations.

Ochi Website Clone

A responsive and animated website clone of Ochi.design showcasing modern web design using GSAP and ScrollTrigger animations.

PestiCare

A web-based solution designed to help farmers and gardeners identify pests and recommend appropriate treatments. Built using HTML, CSS, and JavaScript, PestiCare aims to support sustainable farming by providing an accessible pest diagnosis and prevention tool.
